ORDER

GERSHON, United States District Judge:

By motion dated May 25, 2005, petitioner seeks reconsideration of the court's order, dated April 19, 2005, denying his Section 2255 petition, and declining to issue a certificate of appealability. Petitioner fails to identify any matters or controlling decisions overlooked by the court, as required by Local Civil Rule 6.3; instead, he merely restates arguments previously advanced in support of his petition. Accordingly, petitioner's motion for reconsideration is denied.

SO ORDERED.
